

## **Materials List — Create Your Own Mixed Media Art Cards with Karen Lynn Ingalls**

### **For the FIRST DAY you'll need:**

- A selection of acrylic paints (craft paints in small bottles work well for this!) in your favorite colors — don't go overboard! A few will do it.
- Watercolor paper pad — 9"x 12" or 11" x 14" sizes work well
- Paint brushes (inexpensive brushes, including inexpensive 1" hardware store bristle brushes and dollar store brushes, work fine)
- Paper towels
- Paint palettes (waxy paper plates work well for this)
- Water containers (yogurt or cottage cheese containers work well)
- The Masters brush cleaner (a small tub should work fine, depending on the size of your brushes)
- Pens, markers, pencils, colored pencils, crayons — your choice
- Bottle caps in different sizes
- Lightweight pieces of cardboard (manila folders or cereal boxes work well)
- Textured items for relief printing, combs, plastic forks
- Clothes you can paint in (and an apron if you want)
- Optional: a towel you can spread across your lap to protect your clothes

### **Later, you will probably want to add:**

- Copies of your own drawings, photographs, or painted papers
- Magazine photos and text for collage and stencil making
- Your favorite quotations
- Exacto knife and cutting mat to make stencils, or stencils you purchase
- Mod Podge (small bottle is fine, your choice of matte or glossy)
- Soft nylon brush for Mod Podge
- A pair of scissors
- Tissue paper
- Fabric or lace scraps
- Double-stick tape
- Optional: Alphabet stamps and ink pads to add stamped words
